

Scholarship Funds

Simply offer the gift of education

Scholarship Funds are established to honor loved ones, inspire young people, and **invest in our community's future.**

Students need you

Higher education has long been seen as one of the surest paths to increased opportunity. Unfortunately, many people who could benefit the most from a college education are the least able to afford it. In setting up a Scholarship Fund, not only do you show local students you believe in them, but you can create a lasting legacy in your name or the name of a loved one.

You know the type of students you want to help

Whether it's academic success, financial need, community involvement, or area of study, your gift can help fulfill the educational dreams for the type of students you want to support.

When you start a Scholarship Fund with us:

- You establish the selection criteria when you set up the fund.
- Scholarships can be awarded to graduating high school seniors, current college students, graduate students, and/or non-traditional students.
- Recipients live in the Foundation's geographic service area of Holland and Zeeland.

We can help you find those students

The Community Foundation handles all administrative details of awarding scholarships, from promoting their availability and processing applications to selecting deserving students and writing the checks. You may participate in the scholarship selection process if you wish, or simply sit back and watch the impact of your gift.

We're ready to help you:

Mike Goorhouse
